

FOR THE LOVE OF SEWING

Cover Stitch

Designed especially to complement a Baby Lock four-thread serger, the Cover Stitch machine creates professional finishes for all projects.

Technology Features

Exclusive Baby Lock Jet -Air Threading™

Threading a serger has never been easier than with the revolutionary Jet-Air Threading from Baby Lock. With just one touch of a lever, thread is sent through the tubular loopers. There are no thread guides, no struggling, and there's plenty of extra time to serge away!

- Chain Stitch

Warranty

- 10 year parts
- 5 year electrical

Baby Lock took the differential feed mechanism to a new level by adding a single unit feed dog mechanism. This ensures stronger feeding as well as more consistent gathering on all fabrics.

Vertical Needle Penetration

While most machines use slanted needles that push and damage fabric, Baby Lock's needles are set vertically and sew directly up and down. This exclusive feature protects your fabric and prevents needle deflection.
