Highlight Features

Precise Sashiko Stitches

A specialty needle working in conjunction with a latch wire system forms defined stitches and precise spacing to create a true hand-stitched look.

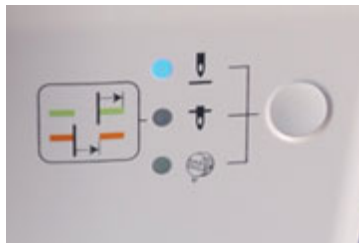

Free-Flow Sewing

The adjustable presser foot height allows ease of turning fabric, stitching circles, squares and other shapes for complete control.

U-Shaped Fluorescent Lamp

The entire needle area is surrounded by a lighting system for maximum illumination.

LED Monitor

This unique system allows you to easily recognize when the needle is creating a stitch or a space.

Bobbin System
